Southport project asks for city's okay

■ 270-acre subdivision will go before planners Thursday evening

By Steve Marschke
News-Ledger Editor

West Sacramento officials hope that spring of 1998 will feature the first major roars of the bulldozers, as long-awaited home construction begins in the city's southern (Southport) area.

One of the planned residential projects foreseen by the city's Southport Framework Plan is a "northeastern" village to be built north of Linden Road and sandwiched between the Sacramento River and a Union Pacific rail line not far from Jefferson Blvd. A Concord firm plans to develop 270 acres of this village -- called "Newport Estates" -- including 866 single family homes, two multi-family housing lots, an elementary school and 5.6 acres of parkland. This firm will go in front of the West Sacramento planning commission Thursday evening at 6 p.m. for approval of their proposed subdivision map.

The subdivision used to be known as "Newport Lakes," but a large man-made lake to be included in the development has been dropped from the plans.

Parts of the new map may draw some controversy from neighbors of the project.

"The project itself is in conformity with the Southport Framework Plan," said planner Maria Wong of the West Sacramento Community Development Dept. "The issues being discussed now are issues discussed when the Framework Plan was being created."

Controversy may hinge on the creation of two major roads through the Linden Rd./South River Rd. vicinity, affecting a handful of rural homes and current agricultural property. The Southport Framework Plan calls for Southport to be served by an eventual "loop" arterial road around the outskirts of Southport, and part of this new road is pencilled in to travel north from Linden Road through private properties neighboring the Newport Estates development in order to serve the eastern edge of the development.

Similarly, there is an east-west extension of the new Lake Washington Blvd., which will roughly parallel Linden Road and travel through the southern region of the new project and through others' properties north of Linden. The new road is "aimed" at a possible eventual connection with I-5 at Sutterville Road, on the other side of the river.

The new road has several neighbors of Newport concerned.

"They plan to put in a 136-foot wide thoroughfare in so future development can come through our homes," said Diane Virdee, whose house would be new neighbor to the north-south road, which will chip off the north and west edges of her property. Virdee operates a tree farm and plans on putting in "specialty crops" on much of the parcel she lives on. The new road threatens those plans.

"I feel the fact that they have to put in this infrastructure on land already developed to serve land to be developed is ridiculous," adds Virdee. "They have so much other acreage."

Woman's body identified

A woman found dead on the West Sacramento side of the Sacramento River March 26 has been identified as an 80-year old resident of Sacramento reported missing five days earlier.

The death is an apparent suicide, a West Sacramento Police Dept. spokesperson reports. The woman is believed to have jumped into the river on the Sacramento side.

The Yolo County coroner's office identified the victim as Sue S. Matsumoto. A precise cause of death was not immediately available.

West Sacramento Little League celebrates Opening Day, 1998

By Daryl Fisher
Features Editor

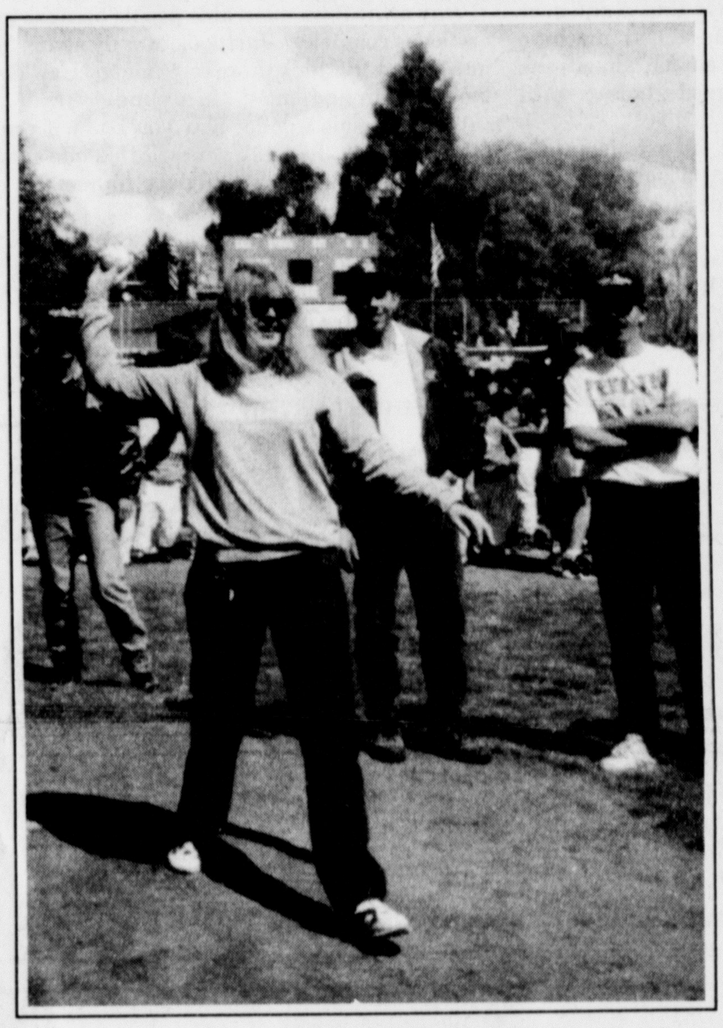

The West Sacramento Little League's annual parade was held last Saturday morning and was followed by Opening Day ceremonies and exhibition games at Memorial Park. All of the league's 28 teams entered a float in the parade, with prizes going to the best entries in each of four divisions, majors, minor A, minor B, and tee-ball.

"Some people were a little worried that the parade might get rained out this year," said league president Jim Stephan, "but just like every year since I can remember, the sun came out just when we needed it. People throughout the community always look forward to the little league parade, and it turned out to be a great day all the way around."

Player agent John Cabral said, "This year we have 84 to 86 kids playing in each of our four little league divisions, plus we have 13 players on each of our four senior league teams. We've also added a big league team for the first time, and that will have 18 players on it. All together, we're going to suit up approximately 410 young men and women in 1998."

The big league team will have 16, 17, and 18 year olds on it and play other teams in the district. "We think it's a good way for some of our players to get ready for American Legion baseball," said Cabral, "and we're looking forward to seeing how it works out."

"Another thing we're doing this year," added league president Stephan, "is that we've submitted a proposal to the school district to see if they will allow us to do some improvements on the infield of River City High School's junior varsity baseball field. We want to cut out the base paths and make the surface a little better for fielding ground balls. We think this will help the high school kids and also improve the level of play in our senior league games."

ABOVE: League president Jim Stephan congraluates Michael O'Neil, winner of the league's candy sale contest.

LEFT: Cindy Crane, perennial officer and volunteer for the league, throws out the first pitch of the 1998 season.

BELOW: The 'Angels' enjoy their ride in the opening day parade.

"It seems like every year the West Sacramento Little League gets bigger and better," said former league president David Blake. "One of the things we did this year which I really liked was that we held a coaching clinic for all of the leagues managers and coaches. A group of former professional players headed by Coach Clint Brill from River City High School ran the clinic, and I think any time we spend on trying to make sure all of our managers and coaches are teaching good baseball fundamentals is time really well spent."

Best float awards this year went to the Pirates in tee-ball; the Devil Rays in minor-B; the Diamondbacks in minor A; and the Giants in majors. Each of these teams gets a pizza party paid for by the league.

About Town:

Fifty-eight years & five kids later: still devoted to each other

By Daryl Fisher
Features Editor

In 1929, Robert Richard Lukins' father sold his farm in Iowa and moved the family to West Sacramento. He bought two and a half acres of land on Glide Avenue, right behind the DeAnda family farm. "I was only seven-years-old at the time," recalled Bob, "but I liked West Sacramento right away. A few years later, we moved to Broderick, and I lived there until I graduated from high school."

Bob also enjoyed his years in Broderick, mostly because it was the home of pretty young Rena Brunelli. "I've known Rena since I was 12-years-old," said Bob with obvious affection in his voice for his wife of 58 years. "She lived only a block and a half away from me, and to tell you the truth, once I met Rena, there was never really another girl for me."

Bob and Rena were only 18 years old when they decided to go to Reno and get married. "Our families were a little worried that we were too young, "said Bob, "but we really wanted to get married. I guess after 58 years together and five children, you can say it was a pretty good decision."

Just as Bob and Rena were beginning to start their lives together, World War Two erupted.

RENA & ROBERT LUKINS

Rena went with Bob from camp to camp while he was stationed stateside and training in places like Kentucky and Tennessee, but when he departed for Europe in 1944, there was nothing to do but stay behind and wait. "His letters would arrive in bunches," said Rena, "and most of them would have parts blacked out that the Army thought were top secret or something. Waiting for someone you love to come home from a war is not a very easy thing to live through."

Bob's unit landed at Marseilles, France a week after D-day. "I was a member of the 105th Combat Engineers," explained Bob. "We were under General Patch's Seventh Army at first, and then later, we became part of General Patton's Third Army. We anchored the southern tip of Bastogne during the Battle of the Bulge and I ended up just outside of Munich, Germany when the war in Europe finally ended. I was scheduled to go home with 14 other medal winners to help sell war bonds (Bob was awarded the French Croix de Guerre and two bronze stars for valor while he was in Europe), but when the atomic bomb was dropped on Japan, everything came to an end and I was stranded in Europe until October."

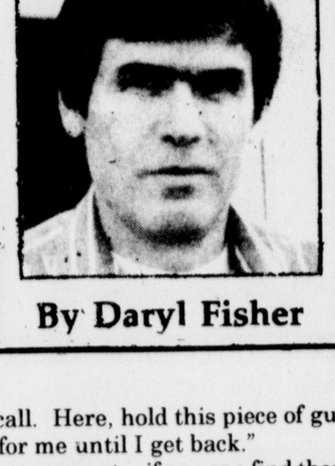

When Bob finally did get back to West Sacramento, he and Rena bought a home on 11th Avenue and Bob went into the construction business as a carpenter. "There wasn't much to West Sacramento back in 1946," said Rena. "In fact, I can remember getting up in the mornings and having to shoo away some of the cows which had wandered across Park Boulevard and ended up in our yard."

By the 1950s, Bob was a construction superintendent, overseeing the work on the sites of numerous important building

Why couldn't we get those people off Gilligan's Island

My Back Pages

By Daryl Fisher

People are always kindly loaning me (sometimes even buying me) books they have found to be very funny. I'm pretty sure it has something to do with this hope they have that if I read their favorite funny book, it might somehow rub off on me and that my sense of humor will improve.

Often the books I receive are filled with jokes, but since I'm not very good at remembering jokes, I usually forget them the moment I've finished reading them, except of course for an off-color one every now and then which seems to bounce around in my head for weeks.

Because I have a poor memory when it comes to jokes, and since I'm not very good at telling a joke even when I do happen to remember one, I often write down some of the ones I like, knowing that they may come in handy when it's time to write another column and I don't have a thought in my head.

This happens to be one of those clueless weeks, brought on probably because one of my kids hit me in the head with a snowball last weekend during my first West Sacramento snowball fight in 50 years. Anyway, here are a few joke-like insights I thought worthy of saving over the years:

Explain weddings to me. A bride will make her best friends in the whole world wear the ugliest dresses known to mankind. Then she will even lie to them by saying, "I'm sure you can wear it again", to which every bridesmaid is thinking, "Sure I will -- if the Polka Festival ever comes to town."

A woman once told her doctor that if she ever got stuck on a respirator or a life-support machine where she couldn't breathe or eat for herself, she definitely wanted to be unplugged -- but not until she got down to a size eight.

I have absolutely no respect for today's gangs. They just drive by and shoot at people. At least in the old days, like in West Side Story, they used to dance with each other first.

We should have a civilized way of telling people they have bad breath without hurting their feelings. For instance, "Well, I'm bored -- let's go brush our teeth." Or maybe, "Hey, I've got to go make a phone call. Here, hold this piece of gum in your mouth for me until I get back."

Cordless phones are great -- if you can find them.

Ever notice that chubby people give the best directions? If you want to know how to get somewhere, always ask a chubby person. "Okay, first you go up the street until you get to that big Wendy's. Then turn right and go all the way past McDonalds. When you come to a Colonel Sanders, make a left. Then..."

Times sure have changed. Yesterday a bum asked me if I could spare $2.75 for a double cappucino with no foam.

I stay away from miserable people because misery loves company. Just look at a fly strip. You never see a fly stuck there screaming, "Hey, don't land! Go around, man! Go around!"

A lot of people wonder how you know if you're really in love. Just ask yourself this one simple question: "Would I mind being financially destroyed by this person?"

Before marriage, a man will lay awake all night thinking about something a woman said; after marriage, he'll fall asleep before she can even finish getting the words out of her mouth.

I believe in reincarnation. I've definitely had other lives. How do I know this? Well, I have clues. First of all, I'm always exhausted.

They say such nice things about people at their funerals that it makes me really sad to realize I'm going to miss mine by just a few days.

Getting married is a lot like getting into a tub full of hot water. After you get used to it for awhile, it ain't so hot anymore.

And finally, back in the 1960s, how come we could send a man to the moon, but we couldn't get people off of Gilligan's Island?

SUSAN & MANUEL ISLAS

Local couple celebrates 50th

Manuel and Susan Islas recently celebrated their 50th wedding anniversary by renewing their vows at Holy Cross Church.

The Islas have lived in West Sacramento for 51 years and have three children, David, Cindy, and Pamela. They also have nine grandchildren, and nine great-grandchildren.

"We have had a wonderful marriage," said Susan, "and we are very proud of all our children, grandchildren, and great-grandchildren. They have been the joy of our lives."

The Earned Income Tax Credit (EITC) could mean

$$$ in your pocket

if you qualify!

The EITC is based on your earned income and the number of children you have living with you. If you don't have a child, you may still qualify for a limited EITC.

To claim the EITC on your 1997 tax return, you need income of less than:

- $29,290–and two or more qualifying children,
- $25,760–and one qualifying child, or
- $9,770–and no qualifying children.

Remember: you, your spouse and your children must have Social Security numbers to get the EITC.

If you expect to qualify for the EITC in 1998, ask your employer about *advance* EITC payments. You could get part of the credit with your pay now, instead of waiting until after you file your 1998 tax return.

Ask the IRS or your tax professional about the EITC. You can call 1-800-829-3676 to get free IRS Publication 596, *Earned Income Credit*, or download IRS forms and publications from the Internet at *www.irs.ustreas.gov*.

Beware! False EITC claims could prohibit you from getting the credit for up to 10 years.

This year's NCAA tournament had many ups and downs and surprising turns on the road to the final four, but in the end it was the Kentucky Wildcats (35-4) who found their way to the 1998 championship.

The road was tough, but the Wildcats used a few of their nine lives to come from behind to win the tournament. Kentucky had to battle back from a 17-point deficit in their win over Duke and also trailed Stanford by 12 points in their overtime victory. They had to stage a third and final comeback to beat Utah 78-69. The Utah Utes (30-4) gave back the biggest half time lead (10 points) in the history of the championship game. They scored only three baskets in the final 12 minutes!

The Wildcats, who lost in the final last year to Arizona, were not to be denied this year. Their bench players ran the Utes into the ground.

Tubby Smith, who became the first coach in Kentucky history to win the NCAA title in his first year as head coach, already has Kentucky fans forgetting about Rick Pittino, who left the college last year to coach the Boston Celtics.

The 1998 Major League baseball season is off and running with the Giants on the road in Houston, while the A's are at home against the Boston Red Sox. The New York Yankees will be in Oakland over the weekend, followed by the Cleveland Indians on Monday.

Looks like 36-year old Kevin Mitchell will start the season on the A's 25-man roster. Mitchell, who had a great spring training, will provide the A's with some right handed punch off the bench. The A's will have some young guys catching this season after giving A.J. Hinch the starting job and keeping Izzy Molina as the backup. The Giants lineup is set with the exception of the shortstop position. The Giants will rotate Rey Sanchez and Rich Aurilia. the key to success this season for both of these Bay Area teams will be pitching!

The league expanded with two new teams, the Arizona Diamondbacks and the Tampa Bay Devil rays, so pitching will be a little thin around the majors this season. I think if Mark McGwire of Ken Griffey Jr. can stay healthy, they have a great chance to break Roger Maris's home run record.

In the boxing world, Willie Jorrin scored a stunning fourth round knockout on Monday night to improve his undefeated record to 20-0 with 11 KOs. The West Sacramentan has promoter Don Chargin searching the country for a title fight for Willie this summer, here in the capital city.

Erik Morales, the World Boxing Council junior featherweight, may be Willie's next opponent.

Rain interrupts tennis match with league rival

From River City High School

It was supposed to be an early showdown to see who would hold the upper hand in the Golden Empire League season. The River City High School Tennis Team travelled up Interstate 80 last Thursday to take on GEL rival Colfax. Both teams entered with 2-0 marks in league action and the outcome would determine which squad would be chasing after the other for the top spot over the next six weeks. Unfortunately, the weather had other plans. With five of the nine matches completed and the Raiders holding a 4 to 1 advantage, the rains came and forced the overall contest to be postponed to an as yet undetermined date. The Raiders will maintain their 4-1 lead with two matches yet to begin and another two to be resumed at the exact point in which they were stopped.

In the completed matches, River City was led by the continued steady play of girls singles players Douangchanh Lattasima and Aenoy Xayasone. The pair of seniors, each of whom has yet to lose a match this season, dropped only four games between them in their two contests. Also putting forth a dominating performance was the number one boys doubles team of Phoungeun Souvannaphoungeun and Aaron Potnick, 10-2 winners. The Raiders split the two boys singles matches as #1 Sarom Phoung was ousted in three sets by a foreign exchange student from Germany, and #2 Jeff Wright won 6-3, 7-6(8-6). Thus, when play resumes against the Falcons, the Raiders will need just one win in the remaining four matches to clinch the overall victory.

Earlier in the week, the Raiders were in Marysville to face off against the Indians. The result was a 7-2 triumph for the visitors as Lattasima and Xayasone allowed just one game each, Wright won a tough three-setter 6-0, 4-6, 6-4, and the Raider doubles teams took four out of five contests. The winning pairs were: Souvannaphoungeun/Potnick 10-1 at #1 boys Khampheng Insixiengmay/Prak Pich at #2 boys; Loan Nguyen/Khonesavanh Lattasima 10-6 at #1 girls; and Sue Yang/Sokpin Phoung 10-5 at #2 girls.

RC's Trevino gets record

By Chuck Robinson

The River City High School weightlifting team opened its spring season by hosting a dual meet with the Mesa Verde Mavericks last Wednesday.

Raider powerlifter Marty Trevino captured the Men's Individual Open Division with a school record of 615 pounds squat. Teammate Calvin Bell won the Men's Individual Strength-to-Weight Division. Alex Avetisov of River City deadlifted 425 pounds to capture the Deadlift Challenge.

In the Men's Team Open Division, Raiders Marty Trevino, Freeman Keophet, Juan Rubio. Alex Avetisov and Mo Salman walked away with first place.

The Raiders will travel to Mesa Verde for a rematch on Wednesday, April 1, at 4 p.m. Coach Chris Baker encourages the public to attend, as there will be no admission charge.

Colfax defeats RC baseball

By Chuck Robinson

The River City High School varsity baseball team lost last Thursday to Colfax, 2-1. Colfax scored 2 runs on 7 hits, 0 errors. River City scored 1 run on 6 hits, 4 errors. Colfax scored 1 run in the third inning. River City scored 1 run in the fourth to tie and Colfax scored the winning run in the top of the seventh inning.

Hitting for the Raiders was Gary Herren, 1 for 3; Brian Schrimsher, 2 for 3; Allen Pearson, 1 for 3, 1 RBI; Rich Moreno, 1 for 3; and Hector Yabes, 1 for 2. R.C.'s record in league play is 1-1.

Junior Varsity Loses to Colfax, 5 to 2

River City's J.V. team scored 2 runs on 6 hits, 3 errors. Colfax scored 5 runs on 6 hits, 0 errors. R.C. scored 2 runs in the first inning. Colfax scored 1 run in the third, 1 run in the fourth to tie, and 3 runs in the seventh to win.

Hitting for the Raiders was Robert Cervantes, 2 or 4, 1 stolen base; Morton Geivett, 1 for 3; Mario Santos, 1 for 3, 1 RBI; Clay Harrell, 1 for 3; and Ray Ynostroza, 1 for 2.

On Monday, River City plays a make-up game with Marysville. On Tuesday they travel to Lincoln. On Thursday, April 2, they play at Encina. On Monday, April 6, River City will play Colfax at 10 a.m., and Del Oro at 3:15 p.m. On Tuesday, April 7, they play Mesa Verde at 3:15 p.m. (varsity only - Del Oro Tournament).

OPINION

News-Ledger Editorial

The crack of the bat

Ignore the weather.

Someone yelled "Play ball!" last weekend, and hundreds of people, most shorter than about five feet tall, obliged. Little league season in West Sacramento began for 1998.

Spring is here.

■■■

Lighthouse's development, if and when it comes to fruition, will be a gated community. Although the reason is seldom articulated, the reason for this is that the higher-end housing sites at Lighthouse aren't regarded as marketable without a wall around them.

The development sits along West Sacramento's northeastern (Broderick) riverfront, and not all of the nearby neighborhood is "desirable" and "attractive" enough that prospective homebuyers will be willing to buy into Lighthouse without a wall and gates.

They will want some insulation from the rest of town.

Gated communities have grown in popularity in America in recent years, as homebuyers seek privacy and security from the crime of "outsiders." No doubt, other developments in West Sacramento will eventually follow with a request to build walled subdivisions.

The city and its residents ought to think long and hard about how they will respond to the two-edge sword of gated communities. On the one hand, they provide a marketable environment for the sale of homes at higher price points -- the kind of homes more likely to pay their way in terms of taxes and city services, and more likely to bring disposable income into the local retail economy.

On the other hand, they tend to reduce the sense of community of a region and limit the interaction between residents and their city. Locked inside their walled comfort zone, residents of gated communities are less likely to be concerned with what's going on outside their walls or in another part of town. This could mean they are more likely to shop somewhere else (perhaps in another city, near where they work), and less likely to become positively involved in improving conditions outside their walls.

A town full of gated communities would be a town of separate, disconnected neighborhoods.

This situation, fortunately, does not now threaten West Sacramento. But it's worth thinking ahead a little, to the time when the next request for a gated community springs up and the community must respond.

With gratitude

The family of Charles T. Durham wish to thank all the neighbors and friends of the West Sacramento for their many cards, calls, visits and flowers.

West Sacramento Nazarene Church and pastor Rev. Jeff Woods were very supportive during Chuck's long illness. The food brought in during the week of his service was appreciated by all.

Your kindness and show of love will not be forgotten and we thank you.

Questions on 'J'

Measure J on the June ballot, which reorganizes all the financial functions of Yolo County, cannot be understood without knowing the present organization. We in West Sacramento weren't given the information about "J" last fall when the Supervisors decided to put the Tax Collector and the Treasurer under the Auditor, appointing the Auditor as Treasurer-Tax Collector.

Before the voters can understand what is proposed by "J," the CEO and Supervisors should give us an outline of the structure of governance and the budgets for each agency, the chronology of consolidations and the costs.

1) Consolidation of Public Works and Planning -- How was the department head chosen, his experience and qualifications. How did the County provide engineering leadership to this merged department and what was the cost?

2) What other departments were combined: health and mental health? alcohol and drugs in mental health?

3) Why does the merged Auditor-Tax Collector-Treasurer need a new outside consultant for investments?

4) What is the present status of auditor (elected) as appointed head of a department of finance?

5) If Measure J does pass, what new powers will the appointed Auditor have?

Developing West Sac

I represent a limited partnership that owns 310 acres in Southport known as the new community of "Gainsborough." I would like to offer my encouragement for the positive direction of your "Priorities" piece which ran in your March 18, 1998 edition.

Your focus on city priorities, those expressed by Mayor Beers and your addition of the need for the whole community to continue working on the creation of an outstanding local school system, is to be commended. It has taken a very long time for the City of West Sacramento and its citizens to create the momentum that was necessary to realize the improvements that are now underway in both public services and civic pride. As much as with publicity and privately invested capital, that momentum is generated with positive attitudes, boundless energy, and a "never give up" attitude. We think most West Sacramentans exhibit those attributes in spades.

After eleven long, frustrating years, our group will finally begin construction of Gainsborough this summer. As Gainsborough is such a large project, (over 1300 single family lots), we are attempting to attract a variety of new home builders to create a selection of well designed single family homes for existing, and new West Sacramento residents. These new home builders will make huge investments in West Sacramento, hoping to attract home buying customers. As the builders evaluate this new business opportunity, you might not be surprised to learn that the priorities you speak of in your column; retail services, community services, and most importantly, quality schools, are what most heavily weigh in as they decide whether to invest. These "priorities" are just as important to them as is their meticulously researched, well designed product which is meant for their potential customer.

Our group is proud to be a small part of West Sacramento as it begins to blossom. We are proud that our project alone will generate over eleven million dollars just for the school district to continue its improvement. We are proud to know that the people who will live in the new homes in Gainsborough will generate a great deal of the momentum (and market) that will result in the new retail and community services that existing residents so desire, and should expect and demand.

We are most proud, (and relieved), that this is all finally happening. You see, we all have an investment in the success of West Sacramento, whether it be invested capital, time, or that "never give up" attitude which West Sacramentans can call pride.

Letter from Marna

(continued from last week)

Stallard said that Yolo would like a better level of comfort in this area, but the Water Resources Association (WRA), which Tom also chairs, has yet to be demanding on the subject.

Science used for the CALFED process is based on a 16-year study. The central valley has only had a seven year draught during that 16 years. During the past century there has been a 58-, 24-, 18- and 7-year draught. That certainly changes the outcome of who should get what. The science says we should solve the Delta's saline problems, when they should build a plant locally to desalinate their own ocean-based property. There are no pre-treatment requirements which would stop the deterioration of the Bay Delta, which was supposedly the driving force that started this process. And it would put the responsibility on those who create problems to find their own solutions.

If the Ecosystem Restoration Act was interested in cleaning up the Delta, why do executive summary papers from meetings only focus on sending southern California our water.

The slower Yolo County is at getting the public educated to the CALFED process, the less likely we are at getting dams and resovoirs for Yolo. And, the less likely we are at keeping the system fair and equitable for the smaller counties.

Joe farmer and Bill businessman, along with Tom taxpayer will need to know more about these water issues, because when the bills come due and the well goes dry, its a little late. CALFED process will drain us dry or give us some dam water, what are our Supervisors and City Council going to do about it. Moreover, what are you going to do about it -- call (916) 657-2666 and ask about meeting times on the CALFED Bay Delta Program, there are a few a month, pick one or all, and call your elected officials and tell them how our interests are being addressed. (end.)

P.S., on the subject: Hear the radio spots about the Delta Peripheral Canal. That is the money some people voted for to clean up the air and water. Not cleaning up the air or the water, but cleaning your pocketbook with propaganda so you will vote for more bonds and won't stop the bureaucracy that they are promoting. They blatantly tell you there is going to be a canal to send water south -- like it or not.

'Cheaper' store in south West Sacramento returns for permit

By Steve Marschke
News-Ledger Editor

Following a heated community battle and then a delay in construction, owners of a proposed discount grocery store in Southport will ask the city Thursday for an extension of their hard liquor sales permit, in the hopes of beginning construction this year.

The Customer Company hopes to put a new "Super Cheaper" store in business at the southwest corner of Jefferson Blvd. and Linden Rd.'s southern intersection.

"They've come back and asked for a one year extension of time to complete the conditional use permit," said Steve Rikala of the West Sacramento planning department. "They've submitted some plans to the city. Their building permits expired and they've had to re-submit."

The project, which calls for an 8,000 square foot discount market and gas station, initially faced community opposition. Then it ran into a city moratorium on new growth in the southern portion of town, set in place by a city council concerned that the sole northern road connection across the barge canal, a two-lane bridge on Jefferson Blvd., couldn't handle traffic generated by new development.

But in 1996, the company fought and won an argument that its project would not cause an increase in traffic on Jefferson, obtaining a conditional use permit to proceed. The city has since finished construction of a new, second bridge across the barge canal.

Citing delays in financing and in finalizing the store plans, the company came back in March of 1997 for an extension of the permit life. In the meantime, The Customer Company, headquartered in Benicia, has been engaged in selling off its "Cheaper!" stores such as the former store at West Capitol Ave. and Poplar in West Sacramento, and re-positioning itself in the market with "Super Cheaper" stores such as the one planned for West Sacramento.

City planning staff recommends approval of the permit extension request -- a decision which will be on the agenda for the planning commission Thursday evening.

Former Yolo court site may become home to new health club

A health cub is slated for the spot in the Riverbend shopping center where judges used to hold court.

The former municipal court site at 922 Sacramento Ave. is the subject of an application by Steve Tresner of Sacramento on behalf of the owner, a trust in the name of Ted Press, West Sacramento. The application outlines a plan for a 9,766 square foot establishment including exercise equipment, tanning rooms, shower and locker facilities, and space for aerobics and members' child care.

The application requires a conditional use permit for a health club at the site. The matter will go in front of the West Sacramento planning commission Thursday (6 p.m., 2101 Stone Blvd.).

City staff recommends approval of the project with additional conditions.

Rabies being reported among Yolo County's skunk population

From The Yolo County Department of Public Health

In the last two months, four skunks have been identified as rabid by the Yolo County Health Lab in Woodland. One animal was from Brooks, one from Capay, one from CR 97A and one from inside Woodland itself on the greenbelt area behind Yosemite Street. The skunks had been in direct contact with family pets.

It is always important, but especially this time of year, to ensure that all dogs and cats are current on their rabies vaccinations. All dogs, by state law, four months of age or older, are required to be vaccinated for rabies. It is recommended that all cats, four months of age or older, also be vaccinated.

Any skunks in the vicinity of homes are dangerous. Skunks acting sick or active during daylight hours are to be avoided. Please report any suspicious skunk activity to the Yolo County Animal Services at (530) 668-5287 or Yolo County Environmental Health Department at (530) 666-8646.

Charity project needs contractors

From Christmas in April Greater Sacramento

Christmas in April Greater Sacramento is looking for all variety of skilled contractors to volunteer for their April 25 workday.

The Christmas in April chapter, along with approximately 2,800 volunteers, spend one Saturday in April each year to renovate homes and community facilities for low income, elderly and disables Sacramento residents. Throughout the nation, 205 other Christmas in April chapters are also hard at work this same weekend.

"Our volunteers really enjoy the one-day event," stated Connie Higashiyama, president of Christmas in April's Greater Sacramento chapter. "Not only do they get to see the efforts of all their hard work take shape over the course of the day, but also because being able to complete their volunteer service in a single day makes it easy on even the busiest schedules."

In addition to volunteers to help with the 26 homes and community centers in Greater Sacramento and 5,500 homes and community centers throughout the country, Christmas in April Greater Sacramento desperately needs skilled workers to complete the projects. "Plumbers, roofers, electricians, carpenters, carpet layers, really every specialty of skilled labor is needed. Ideally we would like to have our skilled labor spend the entire day with us, but even a couple of hours would be a great help."

If you are a skilled contractor and would like to find out how you can volunteer your time, contact Christmas in April at P.O. Box 255584, Sacramento, CA, 95825 or leave a message at (916) 929-3588.

Since its inception in 1991, Christmas in April Greater Sacramento has recruited more than 10,000 volunteers to renovate 82 homes and 25 community facilities. 1998 marks the 26th year since Christmas in April's first renewal of the American barn raising tradition in Midland, Texas in 1972.

The week in local government

A meeting of the **West Sacramento Planning Commission** will take place on Thursday, April 2, at 6 p.m. in city council chambers, 2101 Stone Blvd.

Agenda items include: zoning administrator actions; public hearing on Newport Estates Vesting Tentative Subdivision Map #4362; continued consideration of a request for approval of a drive-thru service window in conjunction with three Quick Service Restaurants planned for the Exxon Travel Center; public hearing on Muscle Systems Conditional Use Permit; continued consideration of an application seeking approval of a rock crushing and recycling operation on 4.3 acres; and informal discussion.

A special meeting of the **West Sacramento Economic Advisory Commission** will take place on April 7 at 8 p.m. in city council chambers, 2101 Stone Blvd.

Agenda items include: discussion of opportunities for collaboration between the Economic Development Advisory Commission and the Economic Development Committee; the Business Cooperative Program; and West Sacramento On The Go.

The **West Sacramento Housing Advisory Commission** will not be conducting the April 1998 meeting.

Please be advised that the next meeting is scheduled for May 4, at its usual time of 6 p.m. in the city council chambers located at 2101 Stone Blvd. in West Sacramento.

The **West Sacramento City Council** will hold the April 15 meeting in the auditorium at Westfield School, 508 Poplar Ave. Included on their agenda that night will be the adoption of the proposed Community Group Program. Additional information on agenda items will be available on April 10 by calling the office of the city clerk at 373-5800. Everyone is invited to attend. Refreshments will be served.

The **Cal-Fed Bay-Delta Program** will begin the study of its Interim Report Friday, April 3, at 9 a.m. in the Convention Center, room 203, on J Street in Sacramento. Under sponsorship of Governor Pete Wilson and Secretary of Interior Bruce Babbitt, the program began in May, 1995, to address the tangle of complex issues that surround the Delta of the Sacramento and San Joaquin Rivers.

This overview meeting will be followed by a series of workshops this spring; also, there will be a technical peer review. The City and Yolo County Board of Supervisors will have met with staff and will be evaluating the program.

NOTICE OF PETITION TO ADMINISTER ESTATE OF GLENN H. BARNES
CASE NUMBER: P98000084

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of: GLENN H. BARNES; GLENN HOBART BARNES.

A PETITION FOR PROBATE has been filed by Mary K. Thrasher and Robert G. Barnes in the Superior Court of California, County of Yolo.

THE PETITION FOR PROBATE requests that Mary K. Thrasher and Robert G. Barnes be appointed as personal representative to administer the estate of the decedent.

THE PETITION requests the decedent's will and codicils, if any, be admitted to probate. The will and any codicils are available for examination in the file kept by the court.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A HEARING on the petition will be held on April 24, 1998, at 8:30 a.m., in Dept. 7, Superior Court of California, County of Yolo, 725 Court Street, Woodland, CA 95695.

IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent creditor of the deceased, you must file your claim with the court and mail a copy to the personal representative appointed by the court within four months from the date of first issuance of letters as provided in Probate Code section 9100. The time for filing claims will not expire before four months from the hearing date noticed above.

YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk.

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE MICHAEL McGOWAN:

Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of Yolo County, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of County Supervisors, District 1, of the Yolo County Board of Supervisors, Yolo County, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

Mike McGowan has been neglectful of his duty and obligation to the citizens of West Sacramento. McGowan has failed in a material way to bring back the court house, district and public attorney's office. Moreover, he has yet to open an office in West Sacramento for citizens to talk to him. Furthermore, McGowan has taken no action to insure the public safety by working to insure the river levees and secure, repaired and safe. Additionally, he has voted "yes" to support the merger of health related programs deemed to have a negative impact on how our taxes are to be utilized to reduce crime, drug abuse, and prostitution in our city. His vote will also result in a loss of services to families in need of substance abuse, prevention and treatment. Citizens have no voice if they cannot communicate with their representative.

Respectfully,
Citizens of West Sacramento
Yolo County, California

WASHINGTON NEWS ITEMS

The Sacramento River registered 11 feet 4 inches, U. S. gauge at the S. P. bridge yesterday. This gauge shows a raise in the river since last week of about one foot although since that date no rain has fallen in the Sacramento Valley. The reading indicates that the snow on the mountains and foothills is already melting and holding up the stage of the river which it will do for some time to come.

Mrs. F. De Riso, Sr., has been confined to her home for several days of the past week with a severe case of flu. Yesterday she was reported to be much improved and expected to be soon entirely recovered.

Barbara, the little daughter of Frank De Riso, Jr., has been sick for several days with influenza. Yesterday she was showing signs of improvement which were welcomed by her parents.

Harry Steuben has been down with influenza for several days at his home in Riverbank and in addition has been suffering with a broken finger. Some time ago his finger was accidentally broken while at work but it did not set properly and it became necessary to break it again. He is now progressing rapidly to entire recovery.

Several of the boys around Washington have been testing out their ability to land a few salmon, but so far with only very little success. Hook and line fishing for bass above the mouth of the American River has been good during the past week and several sportsmen have landed half a dozen fish in a few hours.

James H. Floyd, one of the late arrivals in Westgate, and who is conducting the only restaurant at that place at the present time, is expecting a carload of building material today or tomorrow. When this arrives he will start the construction of a store, dwelling and restaurant close to the service station which Frank Janak has been operating during the past year. Floyd has moved his family to the West Sacramento district and is making expenses at least for the time being.

Joe Burke is the latest addition in the way of a helper at the West Side Auto Camp. Joe was discharged honorably from the navy a few weeks ago and hearing that he could get a job in this section of the state he came here promptly and landed just as promptly. He has charge of the lunch room, and soft drink place and sometimes the oil station for NcNally & Partridge.

J. C. Scroggs Nursery Co. has moved to 28th and K Sts., opposite Sutter Fort. We have reduced all trees one-third. Main 1785.—adv.

The West Sacramento Auto Camp is crowding, according to word received yesterday from Joe Pereira. Traffic on the highway through Washington has greatly increased and every night finds a camp at the West Sacramento Auto Camp hard to get. The other camp grounds west of Washington on the state highway are also crowded by newcomers, especially from the southern part of the state.

Blair Manchester spent the weekend here from Oakland visiting his parents, Mr. and Mrs. I. K. Manchester. He has been transferred from the San Francisco office to the West Oakland office of the Southern Pacific Railroad.

Miss Josephine Virgilio has returned home after having graduated last week from the nurses' training school of the San Francisco City and County Hospital.

Mrs. James L. Clifton has returned from a short visit with her daughter, Mrs. Ella May Muhm in Oakland.

William Everett and family have moved into the house formerly occupied by Al Shoemaker.

Mrs. Ray Peek returned Wednesday from Ogden, Utah, where she has been visiting Mr. and Mrs. William Bartle. Her husband accompanied her to Reno, Nev., where he remained for business reasons. He is expected home today.

ANOTHER INDUSTRIAL SITE PURCHASED IN WESTGATE

E. Schaffnit, a dealer in wood, coal, feed, fuel and other commodities in Sacramento, is the latest purchaser of an industrial site in Westgate.

Yesterday he purchased two acres on the county road between the M street bridge and West Sacramento headquarters for a greatly advanced price, advanced over that which he could have secured the land for a few months ago.

The ground is located just north of the Dr. Boyd place along the county highway. It is just south of the pear orchard formerly known as the Reed orchard.

Mr. Schaffnit told the Independent yesterday on closing the deal that he would first use this place for warehouses. He will have a siding built to connect with the Oakland-Antioch or short line railroad, and it is possible that he may build a few homes on that portion of the land fronting on the county road.

Dealing in hay, grain, feed and other farm commodities, this warehouse will be very convenient because Schaffnit does most of his buying of those commodities in West Sacramento.

GENERAL PETROLEUM COMPANY IS MAKING RAPID ADVANCE

Under the direction of W. A. Dudley rapid strides are being made in placing the plant of the corporation in readiness for the transaction of business in West Sacramento.

Mr. Dudley also has the co-operation and help of his brother, who is his assistant at this time, with Ira C. Ross as engineer in charge.

Last Wednesday two large steel tanks with a capacity of 560 barrels each arrived on the ground. They were immediately unloaded and placed in position to receive gasoline that will be shipped in a day or two from Oakland.

These tanks were placed on concrete foundations of two feet in thickness and are anchored to the bases so that there is no possibility of them toppling over. They are 35 feet in height and 10 feet in diameter. They are connected at the top with a runway of steel.

Yesterday a cyclone steel fence was being placed around the property by the corporation. This wire fence is 7 feet in height, of very heavy construction, and is attached to steel posts that are imbedded in concrete bases.

An unloading platform has been built on the line of the Oakland-Antioch side track right at the plant. From this unloading platform a runway has been built into the large warehouse that was formerly used as the factory for the United States Fiber Products Co.

Two more large tanks like the above are on the way which will be used as storage for distillate and later on there will be two others that will be used for the storage of crude oil.

Pumps have already been installed to pump the gasoline and oil from the cars into the tanks or into the warehouse. The pumps are of peculiar construction and will be operated with electric power. These pumps, also houses, are so thoroughly ventilated that any amount of friction will not cause a spark that might set fire to the gasoline.

In the construction of the plant every precaution has been taken to avoid anything that might cause danger from fire.

Mr. Dudley has been very particular in this regard on account of the fact that fire protection in his neighborhood is nil and that, therefore, prevention must be of the best.

Mr. Dudley is still of the impression that he will be able to start distribution from the plant about the second week in April.

JUDGE DAVIS B. BARRY HELD COURT FOR FIRST TIME

Last Monday, March 23d, Judge Davis B. Barry held court in Washington for the first time. He was installed in office by his father, who retired on March 17th.

With a good deal of composure the new judge ascended the bench and assumed control of the court. He took the honors modestly but, nevertheless, showed a determination which is seldom seen in young men of his age.

Attorneys, plaintiffs and defendants recognized that they were dealing with no novice and that they must live up to the rules of the court without infringement.

The case before the court last Monday was that of the Globe Grain and Milling Company vs. Contente, on suit for collection of a bill for seed sold to Contente.

Judge Barry rendered a decision in favor of the plaintiff in the amount of $71.20.

On Tuesday a case of battery was before the court on complaint of Alex Alauer of Riverbank against Joe Silva, an employe of the Lake Washington Dairy. From the testimony brought out in court before Judge Barry it appeared that Silva and Alauer got into an argument about the time they should get to work. The argument developed into cross words and Silva assaulted Alauer, knocking him off a milking stool.

Judge Barry found the assailant guilty and fined him $5, which was paid immediately.

MRS. MANCHESTER ELECTED SCHOOL TRUSTEE

A small vote was cast this afternoon in the election for school trustee of the Washington school district.

Mrs. M. L. Manchester was the only candidate to qualify in the election. She had no opposition and returns to the board to fill out a term of three years, making a total of fifteen years in all.

The officers of election were: Norman White, inspector; Mrs. Ina Dassonville and D. Barry, judges.

Washington Boosters' Club Will Have "Clean-Up and Paint-Up" Campaign During Month of May

Last year the "Clean-Up and Paint-Up" campaign in Washington was an extraordinary success, so extraordinary that it took two teams three days to haul away the garbage, the refuse, the surplus home material that had been placed at the curbs by the householders of the town.

On June 2d of last year the clean-up campaign had its big day.

At its meeting last Tuesday night the club decided that the clean-up and paint-up day would be held earlier this year, some day about the middle of May, the date not yet being specified.

A copy of the ordinance introduced by Sheriff Monroe into the board of supervisors, having for its purpose the prevention of entrance of American men and boys into Chinese gambling houses, was read. The club decided to recommend its passage by the board of supervisors.

The ordinance would make it a misdemeanor for any men or boys to be found in those places and assesses a fine of $50 and not more than $500. The secretary of the club was instructed to advise the board of supervisors of this action.

Joe Pereira appealed to the club in behalf of Constable Wilson. He claimed that the salary now being paid the constable was entirely inadequate to recompense him for the services he was performing. His entire time is taken up in an effort at law enforcement and yet he receives only $70 to support him and his family.

It was duly moved and carried that a recommendation be made to the grand jury that the salary of the constable be raised to $150 per month with the understanding that the entire time of that official must be devoted to the work imposed upon him by his office.

Following the passage of this motion, Mr. Pereira was appointed a committee of one to appear before the grand jury on Wednesday, March 25th, asking this favor for the people of Washington.

The secretary of the Boosters' Club was also instructed to communicate with the county clerk to ask for a compiled book of ordinances now in force and effect in Yolo County and if those ordinances have not been compiled to secure copies of each individual ordinance.

The secretary, Mrs. Palm, advised that she would communicate immediately with County Clerk Saunders.

After considerable discussion on the moral, immoral and improvident condition of the people who make their habitat along the river slope of the levee, it was decided that a committee of five ladies be appointed to appear before the grand jury the following day, Wednesday, March 25th, to ask for relief in the way of cleaning up those conditions.

The committee appointed to perform this duty consisted of Mrs. Cameron, Mrs. Painter, Mrs. Pereira, Mrs. McNevin and Mrs. Esycheck.

These ladies promised to be present at the meeting of the grand jury in Woodland last Wednesday.

LATER

Last night Mrs. Cameron advised the Independent that the committee appeared before the grand jury and was given a full hearing, a courteous hearing and an attentive hearing. She felt greatly encouraged by the attitude of the grand jury in looking into the affairs above specified.

Joe Pereira also advised the Independent last night that he, too, had received a very courteous hearing from the grand jury. A promise had been made that if it was possible under the county government act to raise the salary of Constable Wilson to $150 a month, it would be done.

RICHFIELD OIL COMPANY TO START BUILDING HERE SOON

Leonard Freer, assistant district manager for the Richfield Oil Company, has established headquarters in the California State Life Building in Sacramento.

Interviewed by the Independent last Wednesday, he advised the writer that it is the intention of the corporation to utilize the ten acres lately purchased in West Sacramento on which to build a plant. Construction of this plant will start in the near future but Mr. Freer was not in a position to advise the exact date nor was he in position to advise what kind of buildings would be erected for the plant.

The ground purchased by the Richfield Oil Company is that fronting on the river and formerly occupied by the United Box and Barrel Co. It is situated just back of the old Kripp home and has rail and water connections.

BOOTLEGGERS SENTENCED BY WOODLAND JUSTICE

Lee Fiburg, who was arrested here Friday night during a raid in which a quantity of liquor and machinery for its manufacture were seized, is in the Woodland jail, serving a 500-day sentence on the charge of bootlegging. He was given an alternative of serving 500 days or paying a $500 fine by Justice R. W. Harrison.

Bert Fellows, who was also arrested during the same raid, was given the same sentence, but he paid the fine and was released. The men were arrested by Clarence Simpkins and George B. Woodworth, deputies working out of District Attorney George T. Kern's office.

Threats have been made by habitues of the Washington "jungles" against the lives of Simpkins and Woodworth, the two said. These threats warned the men would meet with death if they attempted to visit the "jungles" again.

NOTICE TO THE PUBLIC

The public is hereby notified that the campaign for the eradication of squirrels will soon be inaugurated by the county. Parties are warned that in permitting livestock or poultry to pasture or forage on the county highways they do so at their own risk. The State law compels the eradication of pests and rodents and the county cannot be held responsible for any damage suffered from stock or poultry permitted on the highways.

PICTURE CORPORATION MAY LOCATE IN WEST SACRAMENTO

Theo. W. Wharton of Ithica, N. Y., is a guest at the Travelers Hotel in Sacramento and is here purposely to select a location for a film corporation who intends to move from the eastern states to California.

Mr. Wharton has been looking over some properties in Sacramento and West Sacramento. He is particularly impressed with the location in West Sacramento and is more impressed by the scenery along the river south of town.

Mr. Wharton is reticent about his plans for the time being but his inquiries have lead several people to believe that he will locate permanently in West Sacramento.

HOME BEING BUILT BY W. G. MEDLIN SOUTH OF CHURCH

About half a mile south of the church in West Sacramento on three acres fronting Jefferson boulevard, and almost immediately across the street from the home of Doc Miller, W. G. Medlin is building a modern bungalow where he intends to make his home in the future.

Mr. Medlin has also purchased 10 acres farther north on Jefferson boulevard, particularly described as Lot 62 of Boulevard Subdivision.

The new Medlin home consists of five rooms with all modern conveniences except gas. The house is being built under the direct supervision of Mr. Medlin and by day labor.

Being built for a home where he intends to stay the balance of his days, Medlin is putting an extra job in its construction.

On completion he has already announced there will be a house-warming to which many neighbors and friends can expect an invitation.

He expects to move in a week or two.

Public notice

NOTICE OF PETITION TO ADMINISTER ESTATE OF JEAN P. BARNES
CASE NUMBER: P98000085

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of: JEAN P. BARNES.

A PETITION FOR PROBATE has been filed by Mary K. Thrasher and Robert G. Barnes in the Superior Court of California, County of Yolo.

THE PETITION FOR PROBATE requests that Mary K. Thrasher and Robert G. Barnes be appointed as personal representative to administer the estate of the decedent.

THE PETITION requests the decedent's will and codicils, if any, be admitted to probate. The will and any codicils are available for examination in the file kept by the court.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A HEARING on the petition will be held on April 24, 1998, at 8:30 a.m., in Dept. 7, Superior Court of California, County of Yolo, 725 Court Street, Woodland, CA 95695.

IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent creditor of the deceased, you must file your claim with the court and mail a copy to the personal representative appointed by the court within four months from the date of first issuance of letters as provided in Probate Code section 9100. The time for filing claims will not expire before four months from the hearing date noticed above.

YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk.

Candidates will be Jorge Ayala, principal of Cache Creek High School in the Woodland Joint Unified School District, and Suzanne Falzone, assistant superintendent and instructional support, Yolo County Superintendent of Schools. Please arrive early if you would like to submit a question for the candidates to address; questions from the floor will be handled at the end of the forum as time permits.

Cootiette Club

Gold Nugget #1 Cootiette Club is celebrating their 65th anniversary with an open house on Saturday, April 18, between 2 and 4 p.m. at the VFW Post 8762, 905 Drever Street in West Sacramento. The Cootiette Organization was formed by 11 women in Sacramento; it is a volunteer women's organization which works at the VA's for the hospitalized veterans. Refreshments will be served.

Tax installment due

From The Yolo County Tax Collector

The Yolo County Tax Collector reminds property taxpayers of Yolo County that the Second Installment of 1997-98 Secured Property Tax is now due and payable and will become delinquent at 5 p.m. on Friday, April 10, 1998. If taxes are not paid by that date, a ten percent penalty and a $10 cost must be added.

Payment by mail must be postmarked no later that April 10, 1998 to avoid a penalty. It is suggested that payment be mailed a few days prior to the delinquency date to be sure the envelope will have the proper postmark.

The Yolo County Tax Collector's Office is open for business from 8 a.m. to 12 p.m. and 1 to 4 p.m., Monday through Friday of each week, except for legal holidays.

Persons having questions concerning their tax bill should contact the Tax Collector's Office in the County Administration Building, 625 Court Street, Woodland. The telephone number is (916) 375-6486. The mailing address for tax payment is P.O. Box 1995, Woodland, CA, 95776.

Schatzel

Parks and Community Services Director for the City of West Sacramento, Don Schatzel, was recently elected to serve as President of the California Park and Recreation Society Administrators Section, and elected to the California Park and Recreation Board of Directors.

Schatzel is currently the President of California Park and Recreation Society District II and the Sacramento River Greenway Board.

NEWPORT

From P. 1

Wong, from the city planning department, said that zoning issues limit the placement of the new roads.

"When you start moving the road, you change the dynamic of what's out there," she explained. The road as it is planned splits different uses.

Residents near Newport have been invited to attend several planning meetings for the Newport project, but Virdee said last week was the first time she was notified by the city that her property would actually be needed to site a new road.

LUKINS

from p. 1

projects in and around the Sacramento area. Over the years, he has worked on the California State Capitol, the Weinstocks building, the DMV building, the Sacramento Union, and the Railroad Museum, just to mention a few. "My dad could have taken any number of really good paying jobs outside of the Sacramento area," said his oldest son, Rod, "but he never wanted to be too far away from the family. He's always put his children and my mother first, and that's something I really admire about him."

Also in the 1950s, Bob, along with friends James Cameron, Jack Dunlap, Red McKinnon, and Art Edmonds, helped get the West Sacramento Little League started. He was the league's third president and coached and managed local youth teams for decades.

Bob is an extremely proud charter member of VFW #8762 and was instrumental in getting the shell of the VFW Hall on Drever Street erected. He was also active in Boy Scouting in West Sacramento and helped set up the Athletics Booster Club at James Marshall High School.

A year ago, Bob suffered a stroke, but with quick action from Rena which got him to a hospital in time to be given the newest anti-clotting medication, he came through the ordeal with a minimum amount of permanent damage. "I still have a few speech problems," said Bob, "and my right hand isn't back to normal yet, but it sure could have been a lot worse. I'll be 76 years old in June and I've had a really great life. I'm one of those guys who have had it so good that I wouldn't go back and change anything."

Bob and Rena have five children. Besides Rod, there is Gary, Joyce, Wayne, and Pat. They also have eight grandchildren. "My parents were the perfect role models," said daughter, Joyce. "My dad has an open mind and an open heart, and most important of all, he's always been there for all of his kids and grandkids when they've needed him. And I can still remember how my mother used to wake us up in the mornings and ask each of us what we wanted for breakfast, and then go off and cook five different orders. Mothers like that are really hard to find."

"We've enjoyed raising our children in West Sacramento," said Rena. "We know so many wonderful people here. It's one of those places where you can always look up and see a friendly face."

"As far as I'm concerned," said Bob, "it's the perfect place to live. I would never think of going anywhere else."
